Cl-1 Districts, and sites, structures and resources of historical, cultural, paleontological and architectural significance, within the region have been identified and protected.		CL-1.1 Registered historic districts: identify and protect the character of historic districts designated as significant on historic registers.		CUL.IMP-1 CUL.IIMP-5: Amend Chapter 29 to require that when structures on the TRPA Historic and Cultural Resources Map are redeveloped, the redevelopment is designed and built within the historical context.	
Cl-1 Districts, and sites, structures and resources of historical, cultural, paleontological and architectural significance, within the region have been identified and protected.		CL-1.2 Neglect, damage, adverse alteration: identify and protect culturally or historically significant sites, including those that represent historic eras or community character, resources and landmarks in the region from neglect, damage or adverse alteration.		CUL.IMP-1 CUL.IMP-2: Develop criteria (in collaboration with the States' Historic Preservation Officers) for identifying and determining the potential historic significance and/or contribution of buildings that represent community character and are referred to architecturally as the "recent past" – the ones that are now or soon will be 50 years old or older. Consider the use of archeological sensitivity maps to assist in development of construction and mitigation protocols.	
Cl-1 Districts, and sites, structures and resources of historical, cultural, paleontological and architectural significance, within the region have been identified and protected.		CL-1.3 Maintenance, rehabilitation and reuse: where feasible, maintain, rehabilitate and adaptively reuse, or restore historically significant sites and resources.		CUL.IMP-6: Amend Chapter 29 to include maintenance requirements for historically significant buildings within designated historic districts	
Cl-1 Districts, and sites, structures and resources of historical, cultural, paleontological and architectural significance, within the region have been identified and protected.		CL-1.4 Significant underwater resources: protect historically significant underwater resources as important elements of the region's history.		CUL.IMP-7: Amend Chapters 29 and 54 to require all shorezone and lakezone projects to inventory and protect historic underwater resources	
Cl-1 Districts, and sites, structures and resources of historical, cultural, paleontological and architectural significance, within the region have been identified and protected.		CL-1.5 Criteria and Standards: Consistently apply criteria, standards and procedures to designated and potential historic properties, districts, cultural sites and resources.		CUL.IMP-1 CUL.IMP-2 CUL.IMP-5

Cl-2 Significant historic, cultural, paleontological and architecturally significant resources are protected, maintained, rehabilitated or restored through private endeavors, public acquisition, public/private adaptive reuse, and protection through state historic preservation office incentives.		CL-2.1 Historic resources protection incentives: Make sites, districts and structures designated as historically, culturally, or archaeologically significant eligible for special incentives and exemptions to promote their preservation and restoration.		Existing Measures	
Cl-2 Significant historic, cultural, paleontological and architecturally significant resources are protected, maintained, rehabilitated or restored through private endeavors, public acquisition, public/private adaptive reuse, and protection through state historic preservation office incentives.		CL-2.2 Historic resources acquisition: encourage planning for and acquisition of publicly accessible cultural and historic resource properties associated with historical and cultural features and values.		Existing Measures	
Cl-3 Recognized Native American tribes of the region reestablish their traditional ties to Lake Tahoe.		CL-3.1 Tribal rights and concerns: cooperate and coordinate with the Washoe tribe of Nevada and California to consider tribal rights and concerns in assessing the impact of plans, projects, programs and activities on tribal trust resources and cultural or sacred sites.		CUL.IMP-3: Coordinate and consult with the Washoe Tribe during projects' environmental review process to identify culturally significant sites and resources on tribal trust resources or sites.

Cl-4 Educate the public on the value of the Tahoe region's culturally rich history.		CL-4.1 Historic interpretation: interpret and provide interpretive signage to tell the story of Lake Tahoe's history		CUL.IMP-8: Amend Chapter 26 and Design Standards for signs to require interpretive signage for designated historic sites on public land.	

*Alternative 4 policy statements were prepared with the best publically available information from the TRPA and some of the information may be out-of-date. Additionally, according to TRPA staff, some details are lacking in Alternative 4 that may have been fully developed in Alternative 2.

**Similar to any RPU alternative, the Conservation Alternative needs to be subjected to the same rigorous environmental analysis to determine if its policies and implementation measures are sufficient for ETCC achievement and maintenance.

Italics identify policy or implementation that were revised as part of the Milestone process – it is unclear from the documents provided if the changes are in reference to Alt 2 or both Alt 2 and Alt 4.
