IS-1 Regulatory coordination: programs with partnering regulatory agencies are coordinated to create efficiencies and synergies of limited resources and reduce redundancy.		IS-1.1 Identify appropriate roles and responsibilities of various agencies for implementing the plan and verify these roles and responsibilities through interagency agreements.		IMP.IS-1 Update MOUs with local jurisdictions and partner agencies to reflect changes to the Goals and Policies and the Code. IMP.IS-2 Amend Chapter 30, Allocations to disallow distribution of new CFA unless a regional revenue source (or other source of funding for local share of the EIP) is in place within five years of the Regional Plan adoption to contribute to funding local government's share of the EIP.	IMP.IS-2 Amend Chapter 30, Allocations to disallow distribution of new remaining CFA from the 1987 Plan unless a regional revenue source (or other source of funding for local share of the EIP) is in place within five years of the Regional Plan adoption to contribute to funding local government's share of the EIP. Additional CFA development will not be allowed unless and until measurable progress towards threshold attainment and maintenance is achieved.
IS-1 Regulatory coordination: programs with partnering regulatory agencies are coordinated to create efficiencies and synergies of limited resources and reduce redundancy.		IS-1.2 TRPA, in conjunction with other agencies of jurisdiction, will develop and actively pursue an effective program to enforce compliance with the Plan and ordinances of the agency.	IS-1.2 TRPA, in conjunction with other agencies of jurisdiction, will develop and actively pursue an effective program to enforce compliance with all provisions of the Plan and ordinances of the agency.	Existing implementation measures	ADD: Where TRPA does not have the authority, or criminal authority, to enforce provisions of the Code, TRPA will ensure such provisions are being enforced by an entity with the authority to do so through MOU and ongoing coordination.
IS-1 Regulatory coordination: programs with partnering regulatory agencies are coordinated to create efficiencies and synergies of limited resources and reduce redundancy.		IS-1.3 The agency will coordinate with other regional agencies to monitor environmental conditions as outlined in ME-2.1.		Existing implementation measures	ADD: TRPA will ensure all threshold indicators are being monitored to the extent necessary to evaluate threshold conditions and trends, whether monitoring is being performed by TRPA and/or other entities.
IS-2 Implementation through partnership agreements: develop and maintain partnerships agreements with agencies and governments to implement the regional plan package.		IS-2.1 Seek, develop, and maintain agreements with organizations, jurisdictions, and agencies responsible for specific implementation functions.		IMP.IS-1 IMP.IS-2	ADD: Where TRPA does not have the authority, structure, expertise and/or staff needed to implement provisions of the Code, TRPA will ensure such provisions are being implemented by those agencies responsible for specific implementation functions.

IS-2 Implementation through partnership agreements: develop and maintain partnerships agreements with agencies and governments to implement the regional plan package.		IS-2.2 Delegate plan implementation to agencies and governments through memorandum of understanding or other forms of agreements.	IS-2.2 Delegate plan implementation to agencies and governments through memorandum of understanding or other forms of agreements <i>where such agencies and governments have the resources and expertise and/or responsibility to implement provisions of the Plan. TRPA will maintain ongoing review and coordination of such agreements to ensure other entities are implementing the Plan as required.</i>	IMP.IS-1 IMP.IS-2	ADD: TRPA will regularly review, at least annually, the performance of other entities responsible for implementing provisions of the Plan to ensure implementation has been adequate. Where found insufficient, TRPA will convene a meeting with the entity and determine measures to improve implementation within 2 months of the annual review and the entity must ensure measures are taken within 6 months of the annual review.

*Alternative 4 policy statements were prepared with the best publically available information from the TRPA and some of the information may be out-of-date. Additionally, according to TRPA staff, some details are lacking in Alternative 4 that may have been fully developed in Alternative 2.

**Similar to any RPU alternative, the Conservation Alternative needs to be subjected to the same rigorous environmental analysis to determine if its policies and implementation measures are sufficient for ETCC achievement and maintenance.

Italics identify policy or implementation that were revised as part of the Milestone process – it is unclear from the documents provided if the changes are in reference to Alt 2 or both Alt 2 and Alt 4.
